Event Organizer Contact info:	Mrs. Revathi B Assistant director, Student Affairs				
Subject Area:	Health and Wellness				
Resource Person / Chief Guest:	Prof Manoj K Arora				
Affiliation:	Prof Manoj K Arora Vice-Chancellor, SRM university AP				
Resource person profile: (in 50 - 100 words)	<p>Prof Manoj K. Arora is a renowned academician who has been making milestone contributions to higher technical education and research for over the last thirty-five years. He was conferred PhD in Remote Sensing from Swansea University, UK. Besides, he has also been a post-doctoral research fellow in a NASA-sponsored project in the Electrical Engineering and Computer Science Department at Syracuse University, USA. His areas of specialization include Remote Sensing, Digital Image Classification, AI and Machine Learning, and Hazard and Risk Studies.</p> <p>Some of his notable academic achievements include the initiation and execution of 42 sponsored research and consultancy projects with funding of over INR 90 million, the establishment of a Centre and a</p>				

	<p>Research Chair with an endowment of INR 125 million, publication of 2 books and 16 book chapters, publication of more than 250 research papers in International and National Journals and Conferences and rendered several invited talks and keynote addresses. He has guided 24 PhD theses (plus one currently registered) and 56 Master's Dissertations.</p>
<p>Objective of the event:</p>	<p>The university's transformative yoga workshop aims to elevate the well-being of students and staff. It is designed to cultivate mindfulness, flexibility, and stress resilience. Participants will engage in a blend of breathwork, asanas, and meditation, tailored to address academic stressors. The workshop creates a communal space for self-discovery, fostering mental clarity and emotional balance. With a goal of equipping individuals with tools for lifelong well-being, it promotes a harmonious campus environment where academic and personal growth are intertwined. Joining this enriching journey towards holistic health and self-awareness is an opportunity for all members of the university community.</p>
<p>Outcome of the event:</p>	<p>The condensed yet comprehensive program incorporated breathwork, asanas, and meditation, efficiently cultivating mindfulness, flexibility, and stress resilience. Despite the brief duration, the communal space created during the workshop facilitated self-discovery, fostering mental clarity and emotional balance. Participants not only effectively addressed academic stressors but also gained valuable tools for ongoing challenges. The success of the session was evident as individuals reported immediate benefits, contributing to a more harmonious campus environment.</p>
<p>Event Flyer/brochure:</p>	<p>Yes</p>
<p>Attendance Sheet:</p>	<p>Yes</p>
<p>Recommended actions (If Any): (in 100 -150 words)</p>	<ul style="list-style-type: none"> • Introduce the physical and mental health benefits of yoga - Practicing yoga can help improve flexibility, strength, balance, and overall physical health, while also reducing stress and anxiety and promoting emotional well-being. Highlighting these benefits may motivate students to participate. • Suggest incorporating yoga philosophy - Concepts from yoga philosophy like ahimsa (non-violence), Satya (truthfulness), and Santosha (contentment) can offer principles for students to live by for harmony with self and others.

	<p>Bachelor of Technology in Electronics and Communication Engineering from St. Martins Engineering College. Bharadwaj's commitment to technology and entrepreneurship drives his career forward..</p>
<p>Objective of the event: (in 100 words)</p>	<p>The objective of the final exposition for the 45-day workshop on AIML and IoT is to celebrate and acknowledge the successful completion of the program by the participants. It aims to showcase the practical knowledge and skills acquired during the workshop, particularly the integration of AIML and IoT. This event will serve as a platform for participants to demonstrate their innovative ideas and projects that highlight the potential applications of these technologies in real-world scenarios. The expo intends to inspire and educate attendees about the synergies between AIML and IoT and their significance in various industries, fostering a deeper understanding of these emerging technologies.</p>
<p>Outcome of the event: (in 100-150 words)</p>	<p>The final exposition of the 45-day AIML and IoT workshop was a resounding success, yielding a total of 13 innovative ideas and projects. These outcomes are a testament to the participants' dedication, hard work, and their grasp of the workshop's content. Each of the 13 ideas presented at the expo showcased a unique application of AIML and IoT, spanning domains such as healthcare, agriculture, transportation, and smart cities. From AI-driven diagnostic tools for healthcare to IoT-based precision agriculture solutions, the projects illustrated the vast potential and versatility of these technologies. These outcomes not only signify the participants' newfound expertise but also offer a valuable glimpse into the future of technology. The expo, by generating a diverse range of forward-thinking ideas, has set the stage for further exploration, research, and development in AIML and IoT, reinforcing the participants' role as future contributors to the ever-evolving landscape of emerging technologies.</p>

Event Organizer Contact info:	Mr. Sundhar Singh				
Resource Person / Chief Guest:	Mrs. Bollineni Keerthi				
Resource person profile: (in 50 - 100 words)	Bollineni Keerthi is a Change Maker and the President of Vasavya Mahila Mandali NGO, based in Krishna, Andhra Pradesh, India. With over 5 years of experience in non-profit organization management, she excels in Business Development, Management, and Microsoft Office. Her academic journey includes a Masters, Ph.D., and a Diploma in Social Development, along with an Executive Programmer in Public-Private Partnership from Andhra University India, Coady International Institute Canada, and INSEAD Business School Paris. Keerthi is dedicated to creating a violence-free environment for women and				

	<p>girls through initiatives like the #NoSilenceForViolence campaign and the Mahila Mitra social movement, aiming to transform attitudes and behaviors for happier families, better health, education, and livelihoods.</p>
<p>Objective of the event: (in 100 words)</p>	<p>The objective of the visit by Saurvi and Indigo, student-led communities from the Department of Directorate of Innovation, Leadership, and Entrepreneurship, to the Incubation Unit in Vijayawada is to explore and understand the operations of this prominent organization. The primary focus is on engaging with the counseling home for successful women who have acquired diverse skills, including tailoring and thread jewelry making. Our goal is to learn from these empowered women and the organization's entrepreneurial endeavors, such as creating dresses, tote bags, laptop bags, and uniforms. Additionally, the objective includes addressing six problem statements presented by Dr. Bollineni Keerthi during the visit, with the intention of submitting a comprehensive report.</p>
<p>Outcome of the event: (in 100-150 words)</p>	<p>The visit to the Incubation Unit in Vijayawada yielded significant outcomes for Saurvi and Indigo. We gained invaluable insights into the organization's multifaceted activities. Interacting with the successful women at the counseling home was inspiring; we learned about their journeys, skill development, and contributions to entrepreneurship. Witnessing their creations, including dresses, tote bags, laptop bags, and uniforms, was a testament to their entrepreneurial spirit. Dr. Bollineni Keerthi's presentation of six problem statements provided a stimulating challenge for our student communities, and we are enthusiastic about addressing them in our forthcoming report.</p>

Resource person profile: (in 50 - 100 words)	Mr. Udayan Bakshi CEO - Hatchlab Research Centre (TBI SRMAP), President - IIC MHRD, Govt. of India (SRMAP) - He has 20 years of experience in domains like Startups, Product Management, Consulting, and Marketing Strategy. He has completed his MBA from B-School, India. He has trained many industrialists & future leaders. He is also associated as a mentor with various startups.				

<p>Objective of the event: (in 100 words)</p>	<p>The objective of the Prototype/Process Design and Development project is to educate and inform stakeholders about the fundamental concepts of prototyping and its significance in various industries, particularly manufacturing. This objective aims to raise awareness about the role of prototyping in product development, innovation, and problem-solving. By providing a concise understanding of prototyping, the project intends to foster an appreciation for its practical applications and inspire its adoption in different sectors.</p>
<p>Outcome of the event: (in 100-150 words)</p>	<p>The outcome encompasses a broadened knowledge base among participants, which can lead to improved product development processes, enhanced problem-solving capabilities, and greater innovation. It is anticipated that this newfound awareness will encourage the integration of prototyping techniques into manufacturing practices, research and development, and other sectors. By doing so, organizations and individuals can harness the power of prototyping to reduce costs, minimize risks, and accelerate the development of innovative products, ultimately contributing to the growth and success of industries on a global scale.</p>

Recommended actions (If Any): (in 100 - 150 words)	Recommendations for a successful roadmap include meticulous goal definition for clarity, strategic planning to outline key actions, and efficient resource allocation. Establishing realistic timelines and milestones ensures measurable progress, while proactive risk management prepares for challenges. A robust communication plan fosters collaboration, aligning stakeholders. Key performance indicators (KPIs) gauge success, requiring regular assessment. Adaptability and team engagement are crucial, promoting resilience and ownership. Embracing a culture of continuous improvement ensures sustained growth. Overall, these recommendations form a dynamic roadmap, guiding entities towards success by combining strategic foresight, adaptability, and collaborative excellence in achieving defined objectives.

	<p>issues and provide support. I hold multiple certifications in machine learning, web development, and Adobe products, and have seven patents in the field of document generation and processing. I have also shared my domain expertise and thought leadership by delivering talks at multiple conferences. I am motivated by the challenge and opportunity of using technology to create innovative and impactful solutions that improve the lives and businesses of millions of users.</p>
<p>Objective of the event: (in 100 words)</p>	<p>A roadmap to success serves as a strategic guide, tailoring its objectives to specific contexts, industries, or individual goals. It aims to furnish a clear plan steering individuals, teams, or organizations toward desired outcomes. Objectives encompass defining goals for clarity, strategic planning to outline key steps, efficient resource allocation, establishing realistic timelines and milestones for progress tracking, identifying and managing risks, implementing a robust communication plan, measuring performance through KPIs, embracing adaptability, fostering collaboration and team engagement, and promoting a culture of continuous improvement. Ultimately, the roadmap's objective is to empower teams, navigate challenges, and enhance the likelihood of achieving desired outcomes.</p>
<p>Outcome of the event: (in 100-150 words)</p>	<p>A well-executed roadmap to success yields transformative outcomes. It crystallizes goals, fostering a shared understanding and purpose. Through strategic planning and efficient resource allocation, it propels progress, marked by tangible milestones along a realistic timeline. Diligent risk management ensures resilience against challenges, while a robust communication plan aligns stakeholders and nurtures collaboration. Performance measurement, adaptability, and team engagement become catalysts for continual improvement. The ultimate outcome is an empowered, agile, and high-performing entity, adept at navigating change, achieving objectives, and sustaining success through a dynamic and responsive approach. The roadmap, therefore, serves as a blueprint for transformative growth and lasting accomplishments.</p>

<p>Objective of the event: (in 100 words)</p>	<p>The primary objective of this session is to foster innovation and entrepreneurship among students by providing them with a platform to showcase their creative ideas. The event aims to encourage students to pitch their innovative concepts, thereby promoting problem-solving skills and critical thinking. By offering a cash prize of Rs. 5000 and medals to the top three idea winners, the event aims to motivate and reward outstanding ideas. Additionally, the event will focus on inspiring participants to identify real-world problems and develop practical solutions.</p>
<p>Outcome of the event: (in 100-150 words)</p>	<p>The event successfully accomplished its objectives. The Respected Chief Guest played a pivotal role in selecting the Best Idea and awarded the cash prize of Rs. 5000 to the winning team. The top three ideas were recognized with medals, providing well-deserved recognition for the innovative students. Furthermore, the Chief Guest's guidance on problem identification and solution development enhanced the participants' problem-solving skills.</p> <p>One of the key outcomes of this event is the opportunity for the winning student to receive mentorship for further developing their idea into a viable venture. This mentorship will provide invaluable guidance, ensuring that the winning idea has a better chance of becoming a successful, real-world solution. In this way, the event not only rewarded innovation but also facilitated the transition of creative ideas into practical implementations.</p>

Resource person profile: (in 50 - 100 words)	<p>Sushil Reddy is a sustainability advocate and adventurer, based in Mumbai, India. He gained global recognition for The SunPedal Ride, a remarkable journey to raise awareness for sustainability using zero-emission vehicles. In 2016, he cycled 7424 km on a solar electric bicycle, earning a Guinness World Record. Sushil continued his mission in 2017, cycling in France and the USA. In 2018, he embarked on a 6000+ km journey across India in a solar-assisted electric auto-rickshaw. His latest achievement includes a 11000+ km cross-country bike ride in 150+ days in 2021. Sushil's dedication extends to strategic partnerships and sustainability initiatives, with experience at INSEAD, Formula E Holdings, and The SASI Co. He holds a degree in Sustainability and Social</p>				

	<p>Innovation from HEC Paris and a Bachelors and Masters in Energy Science and Engineering from IIT Bombay.</p>
<p>Objective of the event: (in 100 words)</p>	<p>The objective of the Sun Pedal Cycle and EV Car project is to promote sustainable transportation solutions through the creation and dissemination of solar-powered pedal cycles and electric vehicles (EV cars). By reducing the reliance on fossil fuels and minimizing carbon emissions, the project aims to provide eco-friendly alternatives for urban commuting. It seeks to revolutionize the transportation sector, mitigating environmental concerns, and enhancing the quality of life in urban areas by offering innovative and efficient modes of green transportation.</p>
<p>Outcome of the event: (in 100-150 words)</p>	<p>The Sun Pedal Cycle and EV Car project is expected to yield a range of positive outcomes. Firstly, it will substantially reduce the carbon footprint associated with urban commuting by harnessing solar energy and electric power, displacing traditional gasoline-powered vehicles. This shift towards sustainable mobility will not only lower carbon emissions but also promote cleaner air and reduced noise pollution in urban environments, thereby contributing to improved public health and well-being.</p>
<p>Event Flyer/brochure:</p>	 <p>The flyer is for an event titled "6000 Kms. Meet the Leaders" with the tagline "Endorsing zero tail-pipe emissions vehicle!". It features a white electric vehicle (EV) and a group of six people standing in front of it on a red carpet. The event is "The Golden Quadrilateral EV Journey" with a "Flag Off 29 September 2022". Key statistics shown are 6000 kilometers, 70 days, and 36 cities. The event is supported by e-mobility and other partners. A QR code is provided for more information. The event is on 2 Nov 2022, from 10:30 am to 11:30 am, at ALC - 1, 3rd Floor, Admin Building. A "HURRY UP! Limited Seats ONLY" banner is at the bottom right. Industree Owl Industrial Visit					
Title of the Event:					
Nature of the Event:	Field Visit				
Date:	20 th September 2022				
Time:	10am to 4 pm				
Host:	Directorate of Innovation and Entrepreneurship				
Location:	Floope Drone office Vijayawada				
Number of attendees:	External *	Faculty	Ph D Scholar	PG	UG
	0	0	0	0	60
Event Organizer Contact info:	Mr. Sunder Singh				
Subject Area:	Learning and knowing about new startup journey of a student				
Resource Person / Chief Guest:	Mr. Gopi Raja				
Resource person profile: (in 50 - 100 words)	Gopi Raja is an accomplished professional with a strong background in sports management and team leadership. With over nine years of experience as the Chief Executive Officer at FOPPLE DRONE TECH PVT.LTD in Vijayawada, India, he has demonstrated his expertise in business management and 3D printing technology. Gopi holds a bachelor's degree in Electrical				

	<p>and Electronics Engineering from KL University. His dedication and contributions have earned him the Rythunestham Award.</p>
<p>Objective of the event: (in 100 words)</p>	<p>The objective of the industrial visit was to provide students with a practical insight into the operations of a drone technology startup company. Through this visit, students aimed to understand the journey of a student founder in building their company from the ground up. By witnessing the company's development firsthand, students sought to gain valuable insights into the challenges, strategies, and accomplishments that contribute to the success of a startup, particularly when initiated by someone of their own age group.</p>
<p>Outcome of the event: (in 100-150 words)</p>	<p>Students embarked on an industrial visit to a nearby drone technology startup company with the primary goal of learning about the experiences and accomplishments of a student founder. The visit aimed to bridge the gap between theoretical knowledge and practical application by offering students a firsthand look at how a startup is established and grown. During the visit, students had the opportunity to interact with the founder, gaining insights into the challenges faced during the startup journey and the innovative solutions that were developed. The founder shared their entrepreneurial journey, discussing the initial idea conception, the process of securing funding, forming a team, and refining the product or service. Students observed the various departments within the startup, including research and development, manufacturing, marketing, and customer relations. This exposure allowed students to grasp the multifaceted nature of running a startup and the collaborative efforts required for its success.</p>

Event Organizer Contact info:	Mr. Sundhar Singh				
Objective of the event: (in 100 words)	<p>The primary objective of this initiative is to immerse ourselves in local villages, engaging with rural women entrepreneurs to comprehensively comprehend the unique challenges they encounter in their business ventures. Through active listening and observation, we aim to pinpoint the specific barriers impeding their growth and success. Subsequently, our mission is to collaboratively devise and implement tailored, practical solutions that empower these women, fostering their entrepreneurial spirit and enabling them to overcome hurdles, ultimately enhancing their businesses. By doing so, we aspire to catalyze positive socioeconomic change, promote gender equality, and uplift these women as thriving contributors to their communities' economic development.</p>				

<p>Outcome of the event: (in 100-150 words)</p>	<p>The initiative to visit local villages and understand the challenges faced by rural women entrepreneurs is poised to yield significant positive outcomes. Firstly, it will lead to a deeper understanding of the unique hurdles these women encounter in their business journeys, such as limited access to resources, education, and market opportunities. This insight will serve as a foundation for tailored, effective solutions.</p> <p>Moreover, by actively engaging with these women, building rapport, and listening to their stories, the initiative fosters a sense of empowerment and inclusivity. It sends a message that their voices matter and their contributions to the local economy are valued. As a result, it is likely to inspire confidence and motivation among rural women entrepreneurs, potentially leading to increased business growth, financial stability, and improved living standards for them and their communities. Ultimately, this initiative holds the promise of not only addressing immediate challenges but also fostering sustainable rural development and gender equality.</p>

To make "Industry Expectations Today" a successful and impactful event, several recommendations are crucial. It's essential to curate a diverse panel of speakers, including industry experts and thought leaders from various backgrounds to provide a well-rounded perspective on current industry trends and expectations. Interactive workshops and discussion-based sessions should be organized to engage participants actively, encouraging problem-solving and collaborative learning. Structured networking opportunities and roundtable discussions

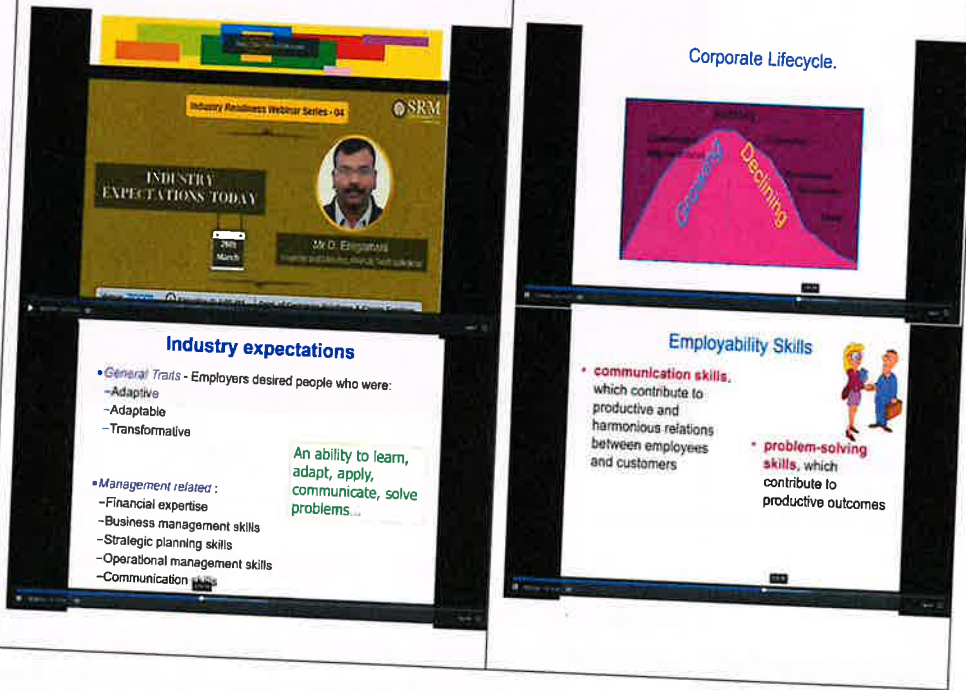

can be created to facilitate connections among attendees, fostering knowledge exchange and potential collaborations. Developing post-event educational programs, webinars, or e-learning resources will enable continuous professional development, ensuring that participants can stay updated on industry expectations. Emphasizing sustainability is also vital by implementing eco-friendly event practices. Moreover, establishing a feedback mechanism to collect participant input is crucial for event evaluation and improvement. Finally, creating collaborative online platforms where industry professionals can continue to collaborate, share insights, and stay updated post-event will contribute to the event's long-term impact. These recommendations collectively aim to make "Industry Expectations Today" a dynamic and valuable platform, staying in sync with the evolving needs of industries and fostering a culture of learning, networking, and sustainability.

Objective of the event: (in 100 words)	<p>The objective for the work environment in both Fujitsu and Japan is to establish a harmonious and productive atmosphere that respects Fujitsu's corporate culture while embracing Japan's unique cultural values. This encompasses promoting employee well-being through ergonomic workspaces, emphasizing work-life balance, and offering mental health support. Fostering innovation and creativity by providing resources and encouraging collaboration is essential. The objective also includes championing diversity and inclusion, optimizing work processes, and employing eco-friendly practices for sustainability. To ensure continuous growth, a focus on employee development and learning opportunities is paramount. The ultimate aim is to create a work environment where employees thrive and contribute to Fujitsu's global success, integrating seamlessly with Japan's cultural heritage.</p>				

Outcome of the event: (in 100-150 words)

The expected outcomes for the work environment in both Fujitsu and Japan are designed to be comprehensive and mutually beneficial. This includes achieving a harmonious and culturally integrated workplace where Fujitsu's corporate culture aligns with the cultural values of Japan. The objective is to create a work environment that places a high premium on employee well-being, promoting not only physical health but also mental wellness through ergonomic workspaces, work-life balance, and comprehensive mental health support. Furthermore, the goal is to establish an innovation hub, where creativity thrives through collaborative spaces and the ready availability of resources. Diversity and inclusion are paramount, creating a workplace where varied voices and perspectives are valued and contribute to productivity and innovation. Operational efficiency is achieved through streamlined processes and cutting-edge technology, and a strong commitment to sustainability helps reduce the ecological footprint. Finally, emphasis on learning and development ensures employees have the necessary skills to excel in their roles and continue to grow both personally and professionally. These outcomes collectively create a dynamic and supportive work environment where employees can thrive and contribute to Fujitsu's global vision while respecting the unique cultural heritage of Japan.

Recommended actions (If Any): (in 100 - 150 words)	<p>To achieve the desired outcomes in the work environment of both Fujitsu and Japan, several recommended actions are integral. Cultural sensitivity training programs should be established to facilitate the harmonious integration of Fujitsu's corporate culture with Japan's cultural values. This will help foster a workplace where mutual respect and understanding thrive. Additionally, initiatives focusing on employee well-being, such as wellness programs, ergonomic workspaces, and flexible work arrangements, should be implemented to support employees' physical and mental health. These measures contribute to a balanced work-life environment, promoting a positive atmosphere. Creating collaborative workspaces and innovation hubs, along with providing access to resources, encourages creative thinking, problem-solving, and knowledge sharing among employees, driving innovation. Furthermore, emphasizing diversity and inclusion in hiring practices, awareness campaigns, and support networks ensures that the workplace reflects the diverse perspectives of Fujitsu's global culture and Japan's rich heritage. Process optimization and the integration of technology solutions should be implemented to enhance operational efficiency, minimize bottlenecks, and improve customer service. The commitment to eco-friendly practices, such as energy-efficient solutions and waste reduction, demonstrates a strong dedication to sustainability and a reduced environmental footprint. Finally, the establishment of ongoing learning and development programs equips employees with the skills and knowledge required for personal and professional growth, ensuring they thrive in a dynamic global work setting. These recommended actions collectively aim to create a holistic and inclusive work environment that respects cultural diversity, prioritizes employee well-being, fosters innovation, and demonstrates a commitment to sustainability.</p>

Subject Area:	Life Skills				
Resource Person / Chief Guest:	Mr. Saumar Choudhury				
Affiliation:	HR Lead, Air Asia Digital and E-commerce.				
Resource person profile: (in 50 - 100 words)	Saumar Choudhury, a distinguished professional at AirAsia, has curated an impressive career journey in the aviation industry. With a strong background in airline operations and management, he has showcased exemplary leadership and strategic vision. Saumar's tenure at AirAsia has been marked by his instrumental role in optimizing operational efficiency and enhancing customer experience. His commitment to innovation and adaptability to dynamic industry landscapes positions him as a key contributor to AirAsia's success. Saumar Choudhury stands as a testament to the convergence of leadership and expertise, playing a vital role in steering AirAsia through the complexities of the aviation sector.				

Objective of the event: (in 100 words)	The objective of this seminar was to create a safe and informative platform for participants to explore the concept of open secrets within the workplace. It aimed to raise awareness about the existence and implications of unspoken issues and challenges in professional settings, with a focus on fostering open and honest communication. The goal was to equip attendees with the knowledge and tools to recognize, address, and mitigate open secrets, thereby contributing to a more inclusive, transparent, and psychologically safe work environment.

Recommended actions (If Any): (in 100 - 150 words)	Several recommended actions can be implemented to further enhance the impact and effectiveness of the sessions. First, continue to provide a safe and inclusive platform for participants to share their experiences and concerns openly. Consider including guest speakers who specialize in workplace dynamics, conflict resolution, and mental health to provide expert insights. Offer practical workshops and case studies to equip attendees with concrete tools and strategies for addressing open secrets in their workplaces. Encourage participants to form peer support networks, allowing them to share experiences and solutions. Regularly update the content to reflect current workplace challenges and best practices, ensuring that the material remains relevant. Implement post-webinar surveys to gather feedback and understand the evolving needs of the audience. Use this feedback to tailor future sessions and address specific concerns. Lastly, maintain ongoing communication with participants through newsletters or follow-up webinars, helping them apply their knowledge and continually foster open and healthy workplace environments. These actions will help create a sustained impact and empower participants to address open secrets, contributing to healthier, more transparent, and psychologically safe workplaces.

Objective of the event: (in 100 words)	The primary objective of this guidance program was to provide B.Tech students with comprehensive insights into the multitude of career opportunities awaiting them after completing their degrees. We aimed to equip participants with a clear understanding of diverse career paths, industry trends, and critical skills necessary to thrive in their chosen fields. The goal was to empower B.Tech students to make informed and strategic career decisions, ultimately guiding them toward fulfilling and successful professional trajectories.				

Outcome of the event: (in 100-150 words)

Following the guidance program, participants had gained valuable insights into the wide array of career opportunities available after completing their B.Tech degrees. They had acquired a thorough understanding of the skills and qualifications required to excel in their chosen fields. Many participants had embarked on specific career paths, motivated and well-prepared for the challenges and opportunities in their respective industries. Some had taken the initiative to explore niche specializations and had begun to actively pursue advanced studies or internships. The guidance program had played a pivotal role in empowering B.Tech students to embark on their professional journeys with confidence, clarity, and a sense of purpose.

Recommended actions (If Any): (in 100 -150 words)	For future "Guidance Programs on Career Opportunities after B.Tech," several recommended actions can be taken to continually enhance their effectiveness. First, consider diversifying the range of career opportunities explored, including emerging fields and global market trends to provide students with the most up-to-date insights. Integrate practical components such as industry-specific projects, internships, or co-op opportunities to offer students real-world experience. Promote networking opportunities by bringing in guest speakers and facilitating connections with alumni or professionals in relevant industries. Expand on soft skills training, including communication, leadership, and adaptability, to better prepare students for the dynamic job market. Offer personalized career counseling and one-on-one guidance to address individual aspirations and concerns. Incorporate post-program resources, such as newsletters and online forums, to keep participants updated on industry developments and continued learning opportunities. Lastly, gather participant feedback to adapt and evolve the program to meet the evolving needs of B.Tech students, ensuring its continued relevance and value in guiding them toward successful and fulfilling careers.

Subject Area:	promote health and seeks to increase knowledge of the advantages of yoga for mental and physical well-being.				
Resource Person / Chief Guest:	Dr K Tirupati Rao, Ch. Sri Srinivasa Rao , Ms Harshada Kulkarni				
Objective of the event:	The event aims to promote health and seeks to increase knowledge of the advantages of yoga for mental and physical well-being. Through instructional sessions, the goal is to teach students about yoga and the benefits of meditation. The purpose of the event is to promote a full awareness of the role that yoga plays in psycho-social care and rehabilitation, as well as the integration of yoga into daily life.				
Outcome of the event:	The virtual celebration of the International Day of Yoga shed light on yoga's physical and mental health benefits, fostering a				

	<p>deeper understanding among participants. Through informative talks and guided sessions by seasoned trainers, students gained practical insights into yoga postures and the significance of meditation for overall well-being. This event encouraged the integration of yoga into daily routines, especially in the current challenging times, promoting better health practices. Additionally, it instilled a sense of mindfulness and resilience, emphasizing yoga's role in psycho-social care and rehabilitation, potentially benefiting individuals impacted by COVID-19. It encouraged a positive and balanced approach to one's life.</p>

Dear All,

International Yoga Day is celebrated across the globe on June 21 to highlight the importance of Yoga for sound health. It is a holistic approach for the complete wellbeing of mind and body.

Yoga assumed significance during the COVID-19 pandemic and has emerged as a global trend.

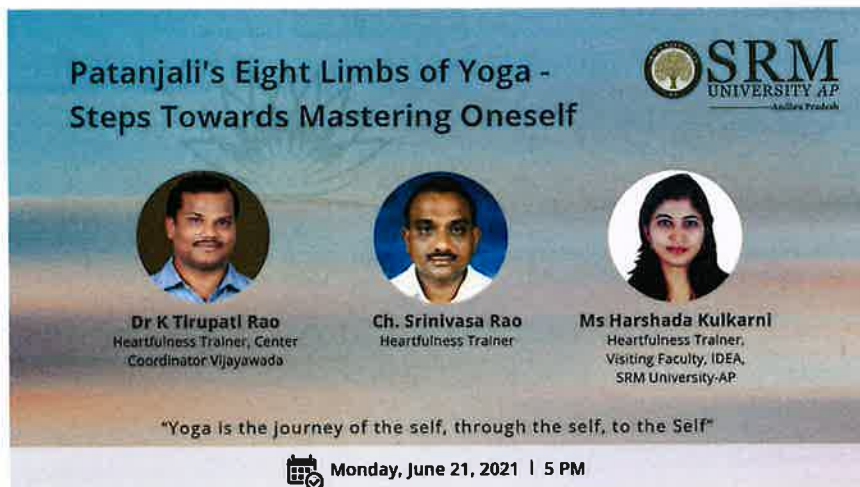

The theme for International Yoga Day 2021 is 'Yoga for well-being'

We at SRM AP too on the occasion of International day of Yoga have organised a webinar- "**Patanjali's Eight Limbs of Yoga-Steps towards mastering oneself** "

You are requested to join the session. **Our Honorable Vice Chancellor Sir will address Virtually before the webinar.**

It is well accepted that there is a growing need for Industry academics tie-up to enable the students pursuing academics to understand the practical aspects along with their academic career.

Financial Markets, especially the Capital Market has the fastest growth rate amongst the various service industries. This has given lot of job opportunities and a challenging career to young incumbents. As a part of CSR initiative we are trying to enable the students to overcome the learning curve by providing practical knowledge through this Industry workshop.

In this workshop, the students will enjoy industry interactive sessions that can help them to get the concept of "financial freedom", "basics of wealth creation & wealth management", intricacies of stock market including the practical side, and career opportunities based on the current pandemic situation.

Resource Person / Chief Guest:	Mr. Udayan Bakshi				
Resource person profile: (in 50 - 100 words)	Mr. Udayan Bakshi CEO - Hatchlab Research Centre (TBI SRMAP), President - IIC MHRD, Govt. of India (SRMAP) - He has 20 years of experience in domains like Startups, Product Management, Consulting, and Marketing Strategy. He has completed his MBA from B-School, India. He has trained many industrialists & future leaders. He is also associated as a mentor with various startups.				

<p>Objective of the event: (in 100 words)</p>	<p>The motive of this talk was to make the students appreciate the basic BMC and its applicability for a new as well as an established business.</p> <p>Mr Udayan Bakshi Speaker explained the BMC model to the students with the help of a PowerPoint presentation and a few videos from the Wadhvani foundation's NEN module. The BMC is a very accepted business planning tool because you can test your business concept and precedes the cumbersome process of preparing a detailed Business plan.</p> <p>All the 9 blocks of the basic Business model Canvas were explained taking examples from the business world. Changing any one block leads to changes in the complete BMC. BMC can be made on paper/software or even using post-it notes. The students found the session very interesting and interactive.</p> <p>Ability to ideate, describe, evaluate and discuss a business model using the Business Model Canvas.</p> <p>Understand the use of personas and problem scenarios to articulate the Offer's key drivers.</p> <p>Understand the business type and methods to evaluate Key Activities, Resources, and Partnerships.</p>
<p>Outcome of the event: (in 100-150 words)</p>	<p>The Speaker Explains the BMC acts like a broad framework for any new/existing business and is an iterative process. It helps an entrepreneur to communicate goals to his team and customers and to focus on what his business does and will continue doing in future.</p>
