# Sexual Harassment Policy

## 1. Purpose & Scope

---

The "Policy on Prevention of Sexual Harassment" intends to provide protection against sexual harassment and redressal of complaints thereof.

All allegations of sexual harassment by employees or students are covered under this policy. As an educational institution, we have a special responsibility to develop a culture in which all students and employees can fulfill their aspirations based on talent and effort, regardless of gender.

Empirical research has established that communicating negative expectations or stereotypes based on race, ethnicity or gender negatively influences academic performance.

Retaliation against an aggrieved person who confides in others about harassment, or rejects sexual advances, is itself an offense under this policy.

This policy does not prevent any aggrieved person from seeking legal recourse.

## 2. Background

---

This policy has been framed in line with the provisions of the "Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013" of India (hereinafter referred to as the "the Act") and existing rules framed thereunder namely the "Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Rules, 2013" of India (hereinafter referred to as the "the Rules").

The Constitution of India protects the freedom of speech – even if the speech expresses discriminatory views. At the same time, it establishes protections against discrimination on the basis of sex. SRM University, AP-Amaravati is an equal opportunity institution that treats individuals on the basis of merit. Membership in the University community is a choice – for employees as well as students. In an institution devoted to education and research, it is imperative that all individuals be held to a standard in which people are judged on the basis of their talent, effort and performance, without regard to gender.
